**ITEM 1:6 MONTH EVALUATION FOR THE CITY MANAGER LARRY TIBBS:**

Ramunni states we left off back in October with regards to a re-evaluation after the 6 months with regards to the salary its currently at 80K per year.

**EIGNER:** states Mr., Tibbs is a lot more governmental than the last City Manager; I don't have any problems with his job performance if I did, I would let Tibbs know right away as far as I'm concerned, he is doing a fine job.

**BROWNING:** states Tibbs is doing a good dealing with unforeseen issues with Roberts leaving I believe with our administrative stuff he is trying to get under control.

**DECKER:** states I feel the same way I'm good with Tibbs also, I know he as a financial background he is really going to help the City out.

**GUNN:** states I'm really happy with Tibbs and the changes he is making I know he is going to help us with our finances I'm really excited about that.

**RAMUNNI:** states part of my issues is the drafting part and keeping admiratively, Tibbs has been a tremendous help with regards to being able to handle that aspect of the job which we have never had any other person who has sat in that role weather it be a City Manager/ Public Works Director etc.... who has been able to fulfill that, so it's been a tremendous for me. Same thing with Mrs. Wills.
